5. Tutoring Provision

Online and out-of-school tutoring

For online tutoring, Edwin Supply uses online tutoring platform Tutexa.

Tutor accounts and school/guardian accounts are set up directly by the tutors and schools/guardians. An Edwin Supply consultant will send a link to setup. All pupil accounts are set up by the pupil's guardian/school.

The 'Messages' data for all tutoring sessions is always available for The Edwin Group to review within the Tutexa platform. Video and audio data is available by request of The Edwin Group to Tutexa. This is for the safeguarding of both pupils and tutors.

For further information, please see Tutexa's Privacy Notice which will be visible on login to the platform.

Face-to-face out-of-school tutoring can take place in a variety of locations, including the pupil's home address, a public location, or an education provider such as a school.

Edwin Supply's usual data assurances contained within its Terms of Engagement with all tutors, and within its Terms of Business with all clients, apply to these arrangements.

Pupils

All tutoring data will be kept securely within our systems, or on Tutexa, and will only be used for the purposes of providing a tutoring service. This data will be transferred securely to the pupil's assigned tutor in order to assist them in providing effective tutoring to the pupil. All pupil data, alongside any tutoring session information, will be deleted after a period of one year following the end of the tutoring arrangement. Edwin Supply will take further action as may be necessary or desirable to ensure our compliance with data protection legislation. For further information, please see the 'Tutoring Code of Conduct and Privacy Notice for Pupils'.

Any tutoring arranged by education providers with Edwin Supply tutors may necessitate limited transfer of pupil data from the education provider to Edwin Supply, who will be obliged to transfer this data to the billing authority. This is due to the need of the billing authority to identify the funding source for the pupil's tutoring, for example, if the pupil receives extra tutoring through funding awarded by an Education and Health Care Plan (EHCP). The data transferred in these cases is limited to the minimum required and is retained under Edwin Supply's data retention policy.

Schools & Guardians

Personal data of parents/carers/ guardians of pupils receiving tuition may be collected where it is appropriate in the situation, including but not limited to names and contact details; for example, where tutoring sessions are taking place in the pupil's home, or where the pupil does not attend school. All data is kept securely.

For further information, please see the 'Tutoring Code of Conduct and Privacy Notice for Parents and Carers of Pupils'.

National Tuition Programme (NTP)

Edwin Supply collected data for pupils, schools, guardians and tutors engaged in tutoring sessions via the NTP between 2020 and 2021. Specific data was collected as instructed by the NTP and it has now been erased from Edwin Supply's computers, storage devices and storage media.

It was collected, processed and shared in line with the following policies:

- NTP Privacy Notice for Parents and Carers of Pupils
- NTP Privacy Notice for KS4 Pupils

These are available on request from dpo@edwin.group.

Tribal Tutors are the auditing body for our current arrangement to provide tutoring under the National Tuition Programme. Tutor data is shared with Tribal Tutors as part of the auditing process but this is anonymised and no tutor can be identified from the data by Tribal Tutors.

6. Data retention, data security and transfers of personal information outside the UK

Edwin Supply will retain your personal data only for as long as is necessary. Different laws require us to keep different data for different periods of time. Please contact us if you have any queries about our retention periods.

The Conduct of Employment Agencies and Employment Business Regulations 2003 require us to keep work-seekers' records for at least one year from:

- a) The date of their creation, or
- b) The date on which we last provide you with work-finding services

We must also keep your payroll records, holiday pay, sick pay and pensions auto-enrolment records for as long as is legally required by HMRC and associated national minimum wage, social security and tax legislation.

We retain personal information for as long as we reasonably require it for legal or business purposes. Edwin Supply offer work-finding services including permanent placements where the length of service is significantly longer, so our data retention period is greater. With this in mind, your information will not be kept for longer than 7 years after your last day of work, or from the date you were cleared to work, whichever is longer. Please note that we may be required, in certain circumstances, to retain your information indefinitely (for example, under child protection legislation).

We will take all necessary steps to ensure that the privacy of information is maintained for the period of retention.

Overseas transfers

We take steps to protect your personal information from unauthorised access and against unlawful processing, accidental loss, destruction, and damage. We will only keep your personal information for as long as we reasonably require and for the activities we have detailed above. This means we will retain personal information for the duration of any contract we have with you, in line with any legal obligation for data retention (such as that for HMRC) or, primarily, until erasure is requested by you.

Your personal data may be processed outside of the UK. This is because some organisations and employees we use to provide our services to you are based outside of the UK.

We have taken appropriate steps to ensure that the Personal Data processed outside the UK has an essentially equivalent level of protection to that guaranteed in the UK. We do this by ensuring that:

- Your personal data is only processed in a country which the Secretary of State has confirmed as an adequate level of protection (an adequacy regulation), or
- We enter into an International Data Transfer Agreement (“IDTA”) with the receiving organisation and adopt supplementary measures, where necessary.

If you have provided your consent for us to process your personal data for a specific purpose, you have the right to withdraw your consent at any time.
